

Bachelor's degree programs Arizona State University

Learn your way

As a New American University, ASU offers a world-class academic experience designed for the future-focused learner.

Major choices in majors

If you're not yet sure what to study, picking a major can feel challenging. And when you see that we offer more than 400 programs, you might think we're not making the choice any easier for you. But once you look through them all, you're bound to find something you love. Plus, we have experts to help you figure out what to study if you still can't decide. And if you ever want to switch majors (lots of students do) – boom! – you still have hundreds more to pick from.

Not sure what you want to study? That's OK. You can take an exploratory track, which will help you figure it out without losing time or credit toward your degree.

Want to fast-track your degree program or pick up a minor? ASU offers ways for you to customize your academic experience.

Dual majors

Earn two concurrent degrees in the same time it takes to earn one, expanding your knowledge and career options.

Accelerated bachelor's and master's degrees

Expedite your studies with a 2.5- or 3-year path in an accelerated program, or earn your bachelor's and master's degrees earlier in an accelerated master's program.

Minors and certificates

Become more well-rounded and boost your resume by adding a minor or certificate to your studies.

Semester lengths

Choose a traditional 15-week semester or a more concentrated 7.5-week semester. The course content and credit are the same.

Technology-enhanced learning

Experiment with active learning, adaptive learning and online learning methods to see which works best for you.

What do you want to study?

If you're not sure what to study – maybe because you have lots of interests or maybe because nothing's really calling to you – we have tools to help you narrow down the hundreds of degree options to find something that fits you. Tools such as me3®, an easy-to-use picture quiz that can help you figure out what careers might be good for you and the majors that can get you there.

ASU campuses and locations

You'll live on the campus where your major is housed in a residential college community. Living and learning communities are organized by major, so your future roommate and neighbors will also be your classmates. With ASU's intercampus shuttles, you'll have the opportunity to take classes on different campuses if you choose to.

Downtown Phoenix campus

Situated in the heart of the fifth-largest city in the U.S., ASU's Downtown Phoenix campus is home to the university's health care, law, journalism and public sector degrees. Students are a short walk or light rail ride away from excellent internships and jobs.

Polytechnic campus

ASU's Polytechnic campus is an oasis in the desert. For students who want to work with their hands, fly planes or study business, education or communication, this makerspace-style campus will be the perfect fit.

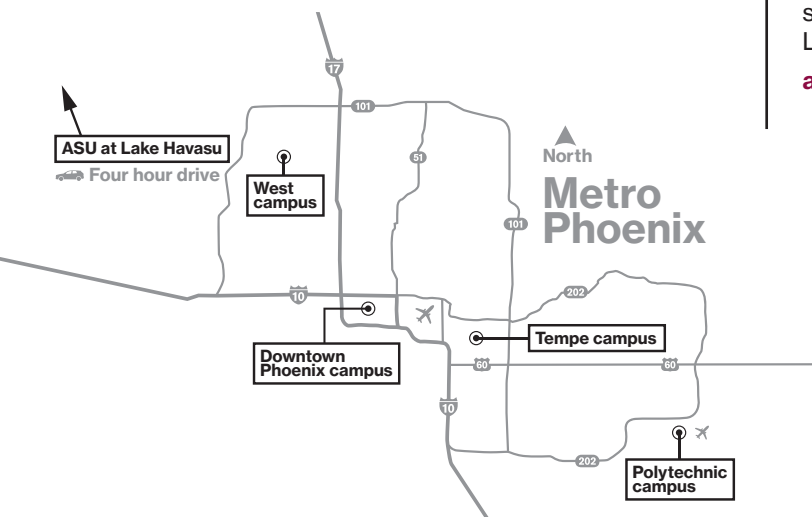

Tempe campus

ASU's Tempe campus is in the center of the Sun Devil community and is home to Sun Devil Athletics. The bustling, classic-campus atmosphere features a broad range of majors including liberal arts and sciences, business, engineering, sustainability, and the arts.

West campus

Students on ASU's West campus enjoy a small, close-knit college experience in a beautiful campus setting. Majors here include interdisciplinary arts and sciences, business, education, and health degrees.

ASU at Lake Havasu

With a view of the lake right outside the classroom, the ASU at Lake Havasu location offers in-demand degree programs in a small-classroom learning environment.

Online

ASU Online offers more than 150 online degrees, and ranks in the top 10 nationally for online programs in the nation for earning a bachelor's degree, according to U.S. News & World Report.

Other ASU locations

Students can earn a high-quality ASU bachelor's degree at a reduced tuition rate by studying at our Los Angeles, California location, or one of the following locations across Arizona:

ASU at Cochise, ASU at Northeastern Arizona, ASU at Pima, ASU at Pinal, ASU at The Gila Valley, ASU at Yavapai and ASU at Yuma.
