The Free Application for Federal Student Aid is now open.

Arizona families leave millions of dollars on the table every year because they don’t submit the FAFSA. The sooner you submit the FAFSA, the greater your chances are of getting free aid that you don’t have to repay, such as grants or scholarships.

Here’s your step-by-step guide to submitting your FAFSA and finding out what kind of financial aid is available to help you pay for college.
Step 1: Determine if you are a dependent or independent student for the FAFSA.

Dependent students must include their parents’ information on the FAFSA. To determine your dependency status and whose parent information a dependent student will need to provide, answer the following questions.

What is my dependency status?

☐ I was born before Jan. 1, 2000.
☐ I am married.
☐ I will be working on a master’s or doctorate program (e.g., MA, MBA, MD, JD, PhD, EdD, graduate certificates).
☐ I am serving on active duty in the U.S. Armed Forces.
☐ I am a veteran of the U.S. Armed Forces.
☐ I now have or will have children for whom I will provide more than half of their support between July 1, 2023, and June 30, 2024.
☐ Since age 13 or later, both of my parents were deceased.
☐ Since age 13 or later, I was in foster care.
☐ I have dependents (other than children or my spouse) who live with me, and I provide more than half of their support.
☐ Since age 13 or later, I was a ward of the court.
☐ I am currently or I was an emancipated minor.
☐ I have one parent, both parents, or both parents who are not living together.
☐ I have one parent more than the other over the past 12 months.
☐ I am currently or I was in legal guardianship.
☐ I am homeless or I am at risk of being homeless.

If you can check any of these boxes, you qualify as independent and will not have to provide parent information. If you check none of them, you are a dependent and need to provide parent information.
